Immunization Requirement for Students Entering 6th, 7th or 8th Grade in 2016-2017

Dear Parent/Guardian,

New York Public Health Law Section 2164 requires certain immunizations (shots) to enter 6th or 7th grade and attend school. Please check with your health care provider as soon as possible to make sure that your child has all the needed immunizations. They are listed below.

Required Immunizations for 6th, 7th and 8th Grades

Immunization	
Tdap: Boostrix® (licensed for use with 10 – 64 year olds) Adacel® (licensed for use with 10 – 64 Year olds)	Age 10: Not required to receive the Tdap until they turn 11 years old. At that time they must provide documentation of a booster dose of Tdap or provide proof of an appointment for the booster dose within 14 days. Age 11: Must receive an immunization containing tetanus toxoids, diphtheria, and acellular pertussis (Tdap).
Varicella (chickenpox)	2
Polio	3 to 4 (one must be after the age of 4)
In Addition for 7th graders Meningococcal	1

Proof of immunization must be **any 1 of the 3** items listed below:

- An immunization certificate signed by your health care provider
- Immunization Registry report (NYSIIS or CIR from NYC) from your health care provider or your county health department
- A blood test (titer) lab report that proves your child is immune to measles, mumps, rubella, varicella, hepatitis B and/or polio
 - For varicella (chickenpox), a note from your health care provider (MD, NP, DO or PA) which says your child had the disease is also acceptable.

Thank you for your attention to these new immunization requirements.

If you have questions or concerns about immunizations, please contact the school health staff.
